If the answer is no, identify report(s).

Yes No

Because the registrant's financial statements for the year ended December 31, 2009 have not yet been completed, the registrant's Annual Report on Form 10-K for the year ended December 31, 2009 has not been filed.

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes / No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

Explanation:

USA Bank expects that its operating loss for the three months ended March 31, 2010 will be substantially larger than its operating loss in the corresponding period in 2009. The Bank's lending, including its construction and real estate development lending, is concentrated in Westchester County, New York and Fairfield County, Connecticut. As a result, the Bank's results of operations and financial condition are substantially affected by economic conditions in those counties, including the values of the properties serving as collateral for the Bank's loans. Further analysis of these conditions necessitates a delay in its normal filing date.
